Why "Moral" Leadership

The following thoughts on Moral Leadership were recently expressed by the Honorable Richard Jackson, Assistant Secretary of the Navy (Personnel and Reserve Forces):

"I have been asked why we often say Moral Leadership where others expect us to say Command Leadership, Military Leadership, or Managerial Leadership.

"All these types of leadership can be very effective, but they can work for evil, in the hands of evil men, as they can work for decency and justice in the hands of good men. Who can deny that Al Capone, Jim Fisk, Adolf Hitler, and Caesar Borgia were outstandingly effective leaders? Yet each in his way brought disaster and ruin upon men and social institutions.

"Contrast such leadership with that of Benjamin Franklin, Andrew Carnegie, Abraham Lincoln, and George Washington. They too exhibited qualities of outstandingly effective Military, Political and Managerial leadership.

"The difference between the two kinds of leader lies in the fact that one type was moved by ruthless, selfish and deceitful desires to aggrandize himself and his lieutenants at the expense of all mankind outside of their group of followers. Members of the latter group, on the other hand,

Representative Gordon Canfield presents the Canfield Trophy to LCDR H. M. Rambo, Commanding Officer of the winning unit, under the approving eyes of the Commandant and other officers of ORTUAG 03-973. L to r: LT J. W. Burch, Executive Officer; LT R. M. Dudley,

Assistant Training Officer; LT N. D. Remy, Training Officers; Representative Canfield; LT C. A. Mautz, unit commanding officer during the early months of 1959; VADM A. C. Richmond, Commandant; LCDR Rambo; and LTJG N. D. Kulp, Pay and Supply Officer.

used their leadership qualities to move mentowards a greater sense of responsibility, honor, dignity and self-respect, to the end that, for all men, the world might be a better place to live in.

"Leadership - Naval Leadership - is nothing, therefore, unless it be

Moral Leadership, and only by stressing this most important attribute of Leadership can we make all hands aware that Leadership has high and noble objectives toward which all may strive, and in the striving, make the Navy a better instrument to accomplish the aims of our nation's policy."

Promotion Zones for Fiscal '61 Announced

Plans are under way for the convening of Reserve Promotion Boards during the coming fiscal year. Officers will be eligible for temporary promotion if they meet the following criteria:

(1) Are in the promotion zones. The junior Reserve Officer within each zone is listed below

Promotion to	Name and Service No.	Reserve Register No. and Page
CAPT	BACCHUS, Richard E. Jr. (35091)	R-14 1
CDR	HEDRICK, Ernest D. (38322)	R-548 11
LTJG	CLARK, John M. (40375)	R-1129 21
LT	MOORE, Alan C. (50243)	R-2791 49
LTJG	All those having 18 months' service as ENSIGN in the Reserve	

(2) Are in an active reserve status (not retired or members of the Inactive Status List, USCGR-I).

(3) Have met minimum promotional requirements established by Reserve Instruction No. 37-56.

Officers will be considered for permanent appointment if in the current zone. The junior Reserve below:

Promotion to	Name and Service No.	Reserve Register No. and Page
CAPT	NONE	
CDR	WILSON, Joseph (36430)	R-287 1
LTJG	AMES, Harold C. (38274)	R-675 13
LT	NONE	
LTJG	BRIER, Alan K.	R-2869 51

Each officer eligible for consideration for temporary or permanent appointment may forward a written communication through official channels regarding any phase of his military record which he considers important to his qualifications for promotion. Such communication, however, may not criticize or reflect upon the character, conduct or motive of any other officer. Reserve officers within the promotion zones should also make sure that all fitness reports and other required annual personnel reports are submitted in time to be included in their records when presented to the promotion board.

JO and PH Ratings Needed for Summer Program at Yorktown

Reserve Journalists or Photographers who can spend at least 30 days on active duty for training this summer are needed at the Yorktown Reserve Training Center.

If you are free during the summer months, and would like to work in your rating, covering publicity on Yorktown's first full summer training program, submit your application at once to the Commandant (PR). Applications should include dates of availability as well as a brief summary of your prior experience.

Many Qualify for Armed Forces Reserve Medal

In the next few years many reservists will complete their first or second decades of reserve service and become eligible for the Armed Forces Reserve Medal of the Hour Glass Device to be worn with the previously-awarded medal. Although Reserve Instruction No. 46-55, which published the requirements for the medal and device, has been "retired for age," the regulations for the award of the medal have not changed and will be found in Section 9-E-10 of the Personnel Manual, Amendment No. 30.

In brief, the medal may be awarded to any officer or enlisted member or former member of the Coast Guard Reserve who completes or has completed 10 years of honorable satisfactory service, provided such service is performed within a period of 12 consecutive years, does not include service in a regular component of the Armed Forces, and does not include service for which the Naval Reserve Medal has been or may be awarded. With certain exceptions, all honorable service in the reserve components prior to 1 July 1955 is creditable. After that date, a minimum of 50 retirement points per year must be earned in order to receive credit for a year of satisfactory federal service toward the medal.

Advanced Fire Fighting Course Scheduled for East Coast Reservists

An advanced structural fire fighting and fire prevention course for 30 officers and petty officers will be conducted during the month of July at the University of Maryland, College Park, Md.

The course will be a continuation of the basic course previously offered at the University of Maryland and Queen's College, and only officers and petty officers who have attended one of the earlier courses are eligible. The one scheduled class will convene on 17 July, with trainees from the East Coast, Second and Ninth Districts.

Open House May Be Many Things

Does the term "Open House" sound trite and overworked to you - does it connote reserve units doing the "same old things," but just for different visitors in different cities?

Three units, one on the East Coast and two on the West Coast, have held open houses that were far from stereotyped. Perhaps their programs may give you some ideas for your next program.

In Boston, Mass., Operation Open House began for ORTUPS 01-542 when RADM E. J. ROLAND, Commander, First Coast Guard District, was piped aboard. Following unit muster and inspection, RADM LAND addressed the assembly and the Commanding Officer, LCDR M. J. COYNE, welcomed the guests. The ensuing program included Military Drill, Gunnery Drill with assembly of small arms while blindfolded, Marlinspike Seamanship, OBA and Rescue Drill with a realistic rescue from a smoke-filled compartment, and an exhibition of Judo

and Unarmed Defense. The program wound up with a slide showing of summer training activities, narrated on tape by CDR E. F. CHANDLER, the former Commanding Officer of the unit.

Out on the West Coast ORTUG 13-7, on May 5, Seattle welcomed 125 guests that evening included a demonstration by the color guard, guided tours through the unit's facilities and a live demonstration of small arms firing in the center's small arms range. CDR M. L. SKARET, Com-

manding Officer of the unit, topped decorated cake with his sword and hosts and guests settled down for coffee and cake.

In April, Portland's ORTUPS 13-365, Commanded by LT M. B. SOMERS, issued an invitation to the general public and was almost swamped when 400 guests appeared. In addition to guided tours to acquaint the guests with the work of the

Northwest port security unit in Coast Guard equipment and arms were shown and the unit's color guard performed the complicated Queen Anne Manual of Arms. A judo exhibition highlighted this program also. This is one of the few reserve units training cooks - and the "home made" cakes prepared by the training class melted away in short order at the end of the evening.

Congratulations to these units for their initiative and ingenuity! The RESERVIST will continue to appreciate and publicize those field activities which reflect a skillful, productive escape from routine.

Shooters Wanted for Camp Perry Matches

The Commandant will soon issue a Reserve Instruction asking for a Reserve Instruction asking for to qualify for the All-Coast Guard Reserve Rifle and Pistol Team for the 1960 national matches at Camp Perry, in July and August.

Two 7- to 10-man Reserve teams will be selected on the basis of both present skill and future potential. Candidates will first be ordered to report to Cape May, where they will spend a minimum of two weeks in intensive training in marksmanship and coaching techniques. Any time remaining until reporting to Camp Perry will be spent in further training and practice with the Regular Coast Guard Teams.

Candidates will be furnished shooting gear or may use their own equipment.

All Reservists ordered to Cape May will return to their units qualified as small arms instructors.

This year, the Reserve has its best chance to win. Many former team members are expected to apply and applicants are expected from all districts.

Candidates may request 30 to 45 days of acdutra to end on 8 August for pistol shooters and 31 August for rifle shooters. Requests for information or consideration should be addressed to your district commander.

Reservists at Seattle's ORTUG 13-935 demonstrate the workings of the Combat Information Center to guests during the units "Open

House" held at the Reserve Training Center, Seattle, March 23. Commander M. L. Skaret is the Unit commanding officer.

Naval Reserve Research Seminars Announced for Fiscal '61

Again in Fiscal 61 the Navy is offering a series of Reserve Research Seminars, six of which are considered appropriate for well-qualified Coast Guard Reserve Officers. Because these seminars are in widely divergent sections of the country, they may not be available to all interested officers. However, applications will be given every possible consideration.

1. Nuclear Science Seminar
Idaho Falls, Idaho 25 July 1960
2. Nuclear Science Seminar
Oak Ridge, Tenn. 28 November 1960

Current developments in Nuclear Sciences. Field trips to testing and development activities. Open to officers with training and/or employment in Nuclear or related fields including administration, or completion of correspondence course "Nucleonics for the Navy."

3. Guided Missile Seminar
Pasadena, Calif. 1 August 1960

A course in current and anticipated developments in guided missiles and related fields. Applicants should present training or employment in guided missile, scientific or engineering fields.

4. Planning and Management Seminar
Princeton, N. J. 22 August 1960

Insight to problems in Research Planning and Management as related to contracts and liaison between university, industry and government. Appropriate for officers whose probable mobilization assignment and/or present employment are in this field.

5. Electronics Computer Seminar
Stewart Field, Newburgh, N. Y. 17 October 1960

One week devoted to fundamentals; second week covers application of computers to specific problems. Officers whose probable mobilization assignment and/or employment involve use of electronic computers.

6. Office of Naval Research
Washington, D. C. 5 June 1961

First few days devoted to review of reserve administration in the Navy and Naval Reserve Matters; balance of period attendees divided into small groups for specific areas of research. Training and/or employment in research administration desired.

Applications for these seminars should be submitted not less than 60 days prior to reporting date. In order to establish eligibility, as well as furnish the Office of Naval Research with necessary information, requests should be accompanied by biographical data including major field of education, occupation and field of specialization, and correspondence courses and/or Research Seminars previously completed.

MEDAL--Cont. from p. 2

Have you had ten years of reserve service which will meet these criteria? If you have, and would like to receive the Armed Forces Reserve Medal, send in your request via official channels, on Form CG-3356 (9-52). This form may be

obtained at your unit or from your district commander.

Reservists who have already received the Medal, and who have completed a second ten-year period of satisfactory service, may use the same form to apply for the Hour Glass Device.

Revised List of Rates for AcDu Published

Headquarters has issued a revised list of rates and ratings which are open for the enlistment and recall of Reserves to active duty. This list became effective 1 April and will continue until further notice.
